ILNA Subject Area	Points
Oncologic Emergencies	
Oncology Nursing Practice	
Quality of Life	
Palliative Care	
Preparative Regimens	
Pre-Transplant Care	
Professional Practice	
Psychosocial	1*
Roles of the APN	
Scientific Basis for Practice	
Survivorship	
Symptom Management	
Treatment	
Types of Transplants and Sources of Stem Cells	
Total Points	1

*Note that the course content applies to multiple subject areas across multiple credentials. The numerical value indicated above is the maximum amount of points that can be claimed in each subject area. The total amount of points claimed may not exceed the total amount of nursing continuing professional development (NCPD) or CME awarded from this course and may only apply to the credential you are renewing. Please also note that nurses' individual learning plans are linked to their credential's test blueprint (content outline). Current ONCC test content outlines can be found on the ONCC website:
